

VENUE HIRE

at Snibston Colliery Park

Designed and built between 1948 and 1952, Century Theatre is Britain's oldest surviving travelling theatre. It was later renovated and reassembled on a purpose-built site, adjoining the historic mine buildings of the former Snibston Colliery in Coalville, Leicestershire. We're very proud that, since re-opening in 1997, the theatre continues to play an ever-increasing role in the local community.

Century Theatre is a versatile venue with options to hire the main theatre auditorium, the foyer, mezzanine and bar or any combination to suit your needs.

Theatre and cinema

As well as professional and amateur theatrical, musical and dance productions we have successfully hosted conferences, award ceremonies, school events and more in the theatre.

Managed by our dedicated team, the auditorium has up to date technical capabilities to maximise every performance and fully support audience participation. The intimacy of the space guarantees a memorable experience for both performers and guests. Our cinema facilities can also be made available to show a film of your choice to your audience.

Foyer, mezzanine and bar

The foyer, mezzanine and bar areas work together to create one flexible, open plan option and a relaxed vibe. It's a great break-out or interval area when hiring the main theatre and the perfect choice for community events, group meetings, book launches and private parties.

Don't forget, we can tailor a package to meet your needs and your budget with options for planning and promotion, tickets and a full bar service.
